

Anna Kühlen

Arcadis Germany

Anna Kühlen is a project manager at Arcadis Germany GmbH, based in Darmstadt. Arcadis employs around 27,000 people at more than 350 locations worldwide in the real estate, environment, infrastructure and water sectors.

As a specialist planner and expert, Dr.-Ing. Anna Kühlen is responsible for environmental projects, especially in the field of remediation and deconstruction of polluting buildings. She is also responsible for the exchange and cooperation between research and research institutions and professionals in this field.

Together with an interdisciplinary team, it plans and supervises the remediation of pollutants and the dismantling of power plants and production buildings, as well as schools and administrative buildings throughout Germany. Clients are private companies, for example from the automotive, chemical and pharmaceutical industries as well as the oil and gas sectors, and public clients such as cities and municipalities.
